Rights Respecting School Award/Non Uniform Day for Brazillian School

As you will already be aware, we are hoping to be successful in our efforts this year to be awarded with the Rights Respecting School Award. We have been doing lots of work throughout this year researching and discussing many of the Articles of the United Nations Convention on the Rights of the Child. We have all become very aware that although every child in the world should have equal access to these Rights, unfortunately this is not always the case. We have also learnt that for every Right, there is a

corresponding Responsibility which children, parents, governments must strive to fulfil.

Earlier this year we had a visit in Assembly from John Logan who works in the town of Itaperucu in Brazil with the missionary organisation Monte Horebe. He told us about his work in a school there providing a basic level of education to a collection of around 260 underprivileged children. As a school, we plan to forward a donation from the proceeds of ticket sales for our recent school musical-"Joseph's New Coat".
